

How do I get Miles/Points credit for a flight I've already taken?

If travel was completed in the last 180 days, you may receive credit by logging into your account online and clicking the “Add Trips” button.

1. Check your FRONTIER Miles account online to be sure your recent flights were not posted. Please note that miles take 3 business days (72 hours) from date of travel to post to accounts.
 2. Add your flight confirmation code in the “Add Trips” box. For instructions how to find this, follow the steps below.
1. Make sure you are logged into your [FRONTIER Miles](#) account.
